

YEAR 6 SPORTS HALL ATHLETICS BOYS AND GIRLS.

On the 24th of January 2019 some of the Year 6 boys and girls went to an event where they did various indoor athletics activities. The activities were split into two categories: field events and track events. Altogether, there were five different schools that the boys competed against; however, there were six schools that the girls had to go against. There were two different races in an event because they could only have three schools racing at a time. Hartsfield persevered through injuries and falls. If you came in the top 2 for the boys or girls, then you would move onto the finals and if you win the finals then you move onto the Herts games. The girls and boys did not compete with each other.

RESULTS

Hartsfield did extremely well. The girls were unlucky and came sixth so they will not be moving onto the finals. However, the boys came second so they will be moving on. Overall, the boys and girls represented the school responsibly and were great sportsmen.
