

YEAR 1

AUTUMN TERM 2019

English

Children will:

- Develop their reading skills by reading regularly, across a range of genres.
- Begin to develop comprehension skills by discussing what they have read and retrieving information from a text.
- Use phonics to decode words for reading and segment words for spelling.
- Begin to spell high frequency and exception words accurately.
- Discuss and begin to write in full sentences using a range of high quality texts as a stimulus (including poetry, non-fiction and fiction).
- Begin to punctuate sentences with a capital letter, full stop, question mark or exclamation mark.
- Practise forming letters in the right direction, starting and ending in the correct place.
- Understand the grammatical terms appropriate for Year 1.

Geography

Children will:

- Identify and describe physical and human geographical features of a range of environments and understand that geography is the study of how people are connected with these environments.
- Observe geographical features and consider land use in the vicinity of our school.
- Identify and locate where they live in the United Kingdom in relation to the four nations of the country, its largest cities and the continent of Europe.
- Use online interactive mapping and Google Earth.
- Identify seasonal weather patterns.

Maths

Children will:

- Begin to use positional language and ordinal numbers.
- Find patterns in numbers and subitize (initially in numbers to 10 and then to 20).
- Compare numbers using the language of more, less, fewer, difference.
- Begin to estimate and order numbers.
- Use a part whole model to add, subtract, regroup and solve number problems.
- Explore equality and balance using number.
- Understand teens numbers as 'ten and some more'.
- Practise doubling and halving.
- Explore odd and even numbers.
- Know the names and properties of 2D and 3D shapes.
- Work with different representations of numbers including the concrete (i.e. cubes), pictorial and abstract.
- Begin to explain their findings and answers using maths language.

Science

Children will:

- Learn about the parts of the human body, the skeleton and our senses.
- Observe changes across the seasons and describe the weather.
- Identify and describe the basic structure of a variety of common trees.
- -Identify and name a variety of common deciduous and evergreen trees.
- Use their own observations, ideas and experiences to suggest answers to questions.

History

Children will:

- Learn about how historians divide up time.
- Identify how we can find out about the past.
- Compare toys today with toys from the past.
- Think about how and why toys have changed over time.
- Use new vocabulary relating to the passing of time.

Music

Children will:

- Learn about the differences between pulse, rhythm and pitch.
- Listen to and appraise music from different genres (hip-hop and reggae).
- Sing, play, improvise and compose their own pieces of hip-hop and reggae music.

Art

Children will:

- Learn about the work of a range of portrait artists.
- Explore mark making techniques using different media.
- Think about how the use of colour can convey moods and emotions.
- Draw their own self portrait.
- Create their own self portrait sculpture using clay.

DT

Children will:

- Explore a range of puppets.
- Design their own appealing sock puppet.
- Make their sock puppet using a range of techniques.
- Evaluate their puppet and talk about how they could improve it next time.

PSHCE

Children will learn about and discuss:

- The groups and communities they belong to.
- How to help our community and to be a good neighbour.
- How to work together as a team.
- How to be a positive learner.
- How we can be kind to each other and help each other to learn.

Computing

Children will:

- Learn how to program and debug programmable toys using simple algorithms.
- Create an electronic card.

RE

Children will:

- Understand the need to be thankful and appreciate our natural world.
- Learn about harvest traditions.
- Discuss and understand giving to charity.
- Learn about festivals of light.

PE

Children will:

- Through Gym, develop skills in balance, agility and co-ordination.
- In outdoor Games, practise throwing and catching a large ball.
