

Netball @ St.Mary's

Tuesday 19th September 2017

On Tuesday the 19th of September, the Year 6 netball team played a match against St. Mary's at St. Mary's Junior School. We played four games, changing position each time and we did very well considering it was our first match against another school.

Thank you to all the Hartsfield parents who watched for your support. Everyone was very excited before we got there and we were right to be excited because it was really fun. Although the scores were 4-0, we are sure that we have grown many more skills for next time and we are now much better at working as a team.
