**What We Did & What We Learnt:**

## Space Sensation 1

- We discussed the creation of the universe and the Big Bang, creating our very own Big Bang!
- We looked at all the different planets, fun facts on each planet and we put them in the correct order from the sun
- We looked at the difference between the Sun as a star and Planets and Satellites
- We looked at a sun model and the concept of plasma
- We used our dexterity of orbit planets around the sun
- We discussed gravity as a downward force and used an upward force to levitate our chosen planet!
