Tag rugby festival

It was an all day event. When we arrived at Letchworth
Rugby Club, we waited for everyone to arrive. Then we
went to find a space to put our bags down.
We sat down in a line and waited to be told where to go and
where to do. We got ready to play our first match - we played
against Sandon. Then we had a break and played, having fun
with our friends - everyone had loads of fun. We then played
against the Grange and did very well! By at the end of the festival,
everybody was tired. Alex (the man who runs all the tournaments and
festivals) talked to all the participants about how the event had run.
We had a great day and thank you to everyone involved!
