

Activity Afternoon at Knights Templar

By Sami

5 children from Year 5 went to a sports event at KTS. These children were Reece, Philip, Sami, Maxwell and Theo.

In this event, we played 4 games, which were dance, archery, wheelchair basketball and a sitting down game, in which you tried to get a ball in a hoop whilst you were sitting down.

There were other schools at this event, but we didn't play any games with each other, except the end one, because we were in groups.

The event was so fun because there were so many sports we hadn't tried before. My favourite sport was archery because it was fun and I was good at it!
