30th January 2025

Dear Parents/carers

Following on from the notification that we had an **Ofsted inspection on 28th and 29th January 2025**, I am writing with an update.

The Lead Inspector, Mr Simon Eardley has reported his judgements to me, senior leaders and the governors and, while we are unable to share detail until we are in receipt of the formal report in the next few weeks, **I can report that the Ofsted Inspection was a fair process, and we are happy with the outcomes.**

On a personal note, I want to thank you for your daily support but particularly over the last 2 days. It was noted by the inspector that we have positive supportive parents, and the children were certainly a credit to themselves and you. I have already shared my thanks with the Hartsfield team, both staff and governors, and I know they were appreciative of your kind words of support this week.

Please be assured that I will share the report as soon as possible.

Yours sincerely

Philippa Smith (Mrs)
Headteacher
